

DIGITAL PORTFOLIO

Student Name: Mohammed Yaseen A

Register NO: bruau2422K1177

NM.ID : 7F9A5A58B5D8AA998044D72019D3633E

DEPARTMENT :II-B.Sc. (Computer Science)

College: Government Arts & Science (CO-Education) College -Avinashi

PROJECT TITLE

DIGITAL PORTFOLIO

AGENDA

1. *Problem Statement*
2. *Project Overview*
3. *End Users*
4. *Tools And Technologies*
5. *Portfolio Design And Layout*
6. *Features and Functionality*
7. *Results and Screenshots*
8. *Conclusion*
9. *Github link*

PROBLEM STATEMENT

Traditional resumes and portfolios are static and fail to showcase interactivity, responsiveness, and modern design skills.

This project aims to build a digital portfolio that highlights my technical expertise, creativity, and user experience design skills in a dynamic and engaging way.

PROJECT OVERVIEW

Developed a responsive and interactive personal portfolio dashboard using HTML, CSS, and JavaScript.

The project includes sections such as About Me, Education, Projects, Certificates, Skills, and Contact, all presented with modern UI/UX principles and responsive design.

END USERS

- **Recruiters and Hiring Managers reviewing my profile.**
- **Potential clients looking for web development and UI/UX services.**
- **Fellow developers and collaborators exploring my work and skills.**

TOOLS AND TECHNOLOGIES

- **HTML5, CSS3, JavaScript**
- **FontAwesome** for icons
- **Local Storage** for theme persistence
- **Responsive Design** with **Flexbox/Grid**
- **GitHub** for version control and hosting

PORTFOLIO DESIGN AND LAYOUT

- Sidebar navigation with profile and quick links.
- Main dashboard with interactive cards (Projects, Skills, Certificates).
- Light/Dark mode toggle with saved preferences.
- Sections: About Me, Education, Projects, Certificates, Skills, Contact.
- Clean, modern, and responsive layout with consistent typography and colors.

FEATURES AND FUNCTIONALITY

- **Interactive dashboard navigation.**
- **Theme toggle (light/dark mode) stored in local storage.**
- **Typing animation showcasing roles: Web Developer, UI/UX Designer, Problem Solver.**
- **Resume download button.**
- **Responsive project and certificate grids with images and embedded previews.**

RESULTS AND SCREENSHOTS

- **Successfully built a fully functional and visually appealing portfolio.**
- **Demonstrated frontend skills with modern design practices.**
- **Screenshots showcase responsive design, interactive features, and structured content.**

screenshots

The screenshot shows a web browser window with the address bar displaying `yaseenyash55-droid.github.io/YASEEN-TNSDC-FWD-4/`. The browser's tab is labeled "My Portfolio Dashboard". The page features a dark blue sidebar on the left with a circular profile picture of a man and the text "ComicCast" in blue. Below this, a navigation menu lists "Dashboard", "About", "Certificates", "Projects", and "Contact". The main content area has a large circular profile picture of the same man, followed by the name "Mohammed Yaseen A" in white. Below the name is a large blue heading "Welcome, Mohammed Yaseen A!". Underneath this heading is a small letter "p". At the bottom of the main area, there are three dark blue rectangular boxes. The first box is titled "Projects" and contains the text "2 completed". The second box is titled "Skills" and contains the text "HTML, CSS, JS, UI/UX". The third box is titled "Certificates" and contains the text "View my certificates". The Windows taskbar is visible at the bottom of the screen, showing the Start button, a search bar, and several application icons. The system tray on the right shows the date and time as "06:22 PM 04-09-2025" and the language as "ENG IN".

CONCLUSION

This project highlights my ability to design and develop interactive web-based portfolios using modern frontend technologies.

It demonstrates creativity, technical expertise, and attention to detail, making it an effective tool for showcasing skills to recruiters and collaborators.
